

COBRA H3

Heated Portable Carpet & Upholstery Extractor

Cars • RV's • Busses • Boats • Aircraft

The **COBRA H3** provides exceptional value in hot water extractors. At 100 psi and instant 212° F heat, the **COBRA H3** can tackle the toughest cleaning jobs on auto carpet, floor mats, or upholstery. This durable extractor features an internal heat exchanger to maintain 212° F cleaning solution at the wand tip for superior cleaning. The low moisture system improves carpet drying times. New upright and light-weight design makes the **COBRA H3** very easy to maneuver and the compact size takes up limited space. The **Cobra H3** delivers longer run times with 10 gallon solution and recovery tanks. The Durable roto-molded tanks are warranted for life against cracks, dents, and leaks.

Product Features:

- Lightweight, only 76 lbs.
- 10 gallon solution and recovery tanks for longer run times
- Built-in cord wrap
- Large, easy rolling, non-marking wheels
- Two handles for easy maneuverability and loading
