

# OASIS PLUS

## Ozone Generator

Ozone is the strongest oxidant commercially available and is a proven deodorizer. The Oasis Plus doesn't just cover up foul odors; it actually destroys the molecules that cause them.

The new Oasis Plus performance improvements include the addition of a hermetically sealed severe application transformer. Designed specifically for harsh electrical and environmental demands imposed by continuous-duty corona discharge ozone generation. This Transformer is recognized UL & CSA component. Because of its durability, the warranty on the transformer has been increased to three years.

Oasis Plus has a high-density ceramic and stainless steel electrode corona discharge system, manufactured with stainless steel probes encased in ceramic with an outer stainless steel sleeve. No place for dirt or impurities to accumulate. They are maintenance free and are guaranteed for life. No old fashioned plates to clean or corrode.

Let the Oasis Plus clear the air for you.

odor elimination

# OASIS PLUS

## Ozone Generator

### Applications:

- Eliminates cigarette & other smoke odors
- Removes mold, mildew & other organic odors
- Effective against pet and/or baby odors
- Excellent for freshening up cars, trucks, RV's, buses, boats, and aircraft

### Features:

- Hermetically sealed patented severe application transformer
  - UL & CSA recognized component
  - Designed to support twice the ozone generation load of a conventional transformer
  - Will withstand continuous operation in the most demanding of electrical and temperature environments
- High-density ceramic & stainless steel electrodes corona system
- 2.65 grams/hr., 2,650 mg. hr. (7.95 ppm)
- Comes complete with 4' hose, hose clamp, and window sealing foam block (for maximum odor elimination)
- Effective for areas up to 40,000 cubic feet
- 30 hour programmable timer with adjustable ozone output levels
- Power supply overload protection
- Tested and proven to maintain proper activated oxygen levels
- No old fashioned plates or UV tubes to clean or break
- Lifetime warranty on Roto-molded body and electrodes
- Unmatched 3 year limited warranty on other components

### Benefits:

- Severe applications transformer will provide increased operational performance and a longer service life
- Maintenance free corona discharge system provides proven constant ozone production and long service life
- High ozone output per hour increases performance and decreases time and labor
- Timer and output adjustments provide versatility and allows tailoring output for the application
- Effectively eliminates odors in most vehicles in as little as 20-30 minutes
- Rugged body designed to provide long life while maintaining appearance
- Consistent performance with no downtime for cleaning or reduced efficiency due to dirt or moisture build-up
- Light weight and compact for easy transportation
- Weight - 13 lbs.
- Cord - 8 feet 16/3
- Dimensions - 22" long X 8" tall X 7" wide
