

Environmental Carpet Cleaner

Carpet Cleaner and Rinse

Description:

Environmental Carpet Cleaner cleans without using synthetic chemistry. The unique formulation of Environmental Carpet Cleaner (ECC) turns all soils and surfactant residues into free rinsing soaps and is the perfect rinse aid to neutralize alkali or acid residues from carpets and upholstery. As ECC cleans it converts from an alkali to an acid and contains no pH when the surface is dry. Self neutralizing squeaky clean carpets. ECC may be used in Low Moisture Cleaning, portable, self contained and TruckMount extraction equipment and as a prespray.

Certifications

Directions:

As a prespray: Add 6 ounces of ECC to 1 gallon warm or hot water (20:1). Apply to carpet and brush in allowing 5 to 15 minutes dwell time. Extract/Rinse carpet using ECC.

For power sprayer applications: mix 1 quart of ECC with 4 quarts water. Tip should be 8:1.

For Portable and Self Contained units: As a Cleaner: 1 ounce of ECC to 1 gallon warm or hot water (128:1). As a Rinse: 1 ounce of ECC to 2 gallons warm or hot water (256:1)

For TruckMount units: Stock Solutions: mix 1 gallon ECC to 4 gallons water (4:1). Set meter setting for a 256:1 dilution ratio.

Direct Feed: insert siphon hose and set meter at 256:1 dilution ratio. As a cleaner: follow mix directions for rinse, set meter at 128:1

For Low Moisture Cleaning Processes: Add 2 ounces of ECC to 1 gallon warm or hot water (64:1). Follow machine manufacturer's application instructions.

Product Specifications:

Ingredients:

Water (CAS 7732-18-5), Sodium Citrate (CAS 68-04-2), Sodium Carbonate (CAS 497-19-8), Sodium Lactate (CAS 50-21-5), Sodium Chloride (CAS 7647-14-5), Xanthan Gum (CAS 11138-66-2)

PH: 9.25-9.75 PH, neutral when dry

Coverage: As a pre-spray: 200 Sq. Ft. per RTU gal.

As a cleaner: 50 to 100 Sq. Ft. per RTU gal.

As a rinse: 50 to 100 Sq. Ft. per RTU gal.

Low Moisture: varies on method used.

Fragrance: None

Appearance: Clear liquid
