News Story

Carpet Cleaning Solution is safe for the environment.

May 12, 2008 - Suited for use with low-moisture portable carpet extractors, self-contained units, or truck-mount extractors, ECC (Environmental Carpet Cleaner) turns soils and contaminants into free-rinsing soaps that neutralize alkaline or acid residues and remove them from carpets and upholstery. Product cleans carpets and leaves them with a neutral pH.

Press Release

Release date: May 5, 2008

ECC Takes Charge

May 5, 2008

ECC (Environmental Carpet Cleaner), just introduced by U.S. Products, cleans without using environmentally harmful chemicals.

Instead, ECC turns soils and contaminants into free-rinsing soaps, making it the perfect rinse aid to neutralize alkaline or acid residues and remove them from carpets and upholstery.

ECC is also self-neutralizing, leaving carpets sparkling clean with a neutral pH.

Use ECC with low-moisture portable carpet extractors, self-contained units, or truck-mount extractors. ECC takes charge and works well as it helps protect the environment.

For more information, visit <http://usproducts.com/chemicals/> or call toll free (800)-257-7982

About U.S. Products

U.S. Products has been manufacturing carpet, drapery, upholstery, restoration, and ceiling cleaning equipment for more than 25 years. The company is well known for its innovative internal heating systems that deliver 212 degrees at the wand tip, top-quality components, and solid-state circuitry for precise operation and equipment control.

U.S. Products contact information:
181 West Aqua Ave., Coeur d'Alene, ID 83815
Phone: (208) 772-0573;
Toll-free: (800) 257-7982;
Fax: (800) 910-5294;
