

Mission Statement

U.S. Products is a leading supplier of cleaning equipment and solutions for carpet and fabric care. In addition, we manufacture and supply restoration and janitorial equipment through partnerships with major distributors. In each product sector, we are committed to offer innovation, superior quality and value to our customers, allowing them to be more efficient and profitable.

We proudly sell our products under the U.S. Products brand name and the names of our leading OEM partners. We are focused on providing quality products that will withstand the rigors of the jan-san and restoration business environments.

We are a manufacturer, distributor and customer service driven company. As a company, we are as effective as our employees. It is our goal to create an employee environment that fosters teamwork, provides the opportunity for growth and rewards performance for both employees and shareholders.

In all circumstances the importance of integrity, service and respect are paramount in the conduct of U.S. Products' business.
