

Agitator 18

Clean & Restore

Increasing Productivity

The Agitator 18 is the most effective one pass cleaning system available. With automatic chemical metering, the Agitator 18 precisely applies cleaning solution, agitates the carpet with the agitator bar, rinses the carpet with dual spray jets, and removes waste with a powerful 3-stage vacuum all in one easy pass.

A wide 18" agitator brush and vacuum shoe paired with the large 13 gallon capacity and automatic chemical metering make the Agitator 18 a high production extractor by providing longer runtimes and more square feet of cleaning per pass.

The EZ-pull belt is a unique feature designed to improve ease of operation. The EZ-pull belt straps comfortably around your waist to reduce strain on your lower back and shoulders and makes the machine very easy to use.

For hard surface cleaning, you can easily switch to the optional hard floor squeegee and hard floor brush. The quick change hard floor kit option turns your extractor into a dual purpose machine, no tools required. This dual-surface design increases cleaning versatility and eliminates the need for a second machine on the job site.

The Agitator 18 is ideal carpet and hard surface cleaning equipment for public facilities, office buildings, airports, schools, hotels, educational facilities, nursing homes, and others. This machine is tested and certified by the Carpet & Rug Institute for cleaning performance.

Self-Contained Carpet Extractor

Key Features:

- Wide 18 inch cleaning path for high production
- Ergonomic design with EZ-pull belt for ease of use
- Automatic chemical metering - no mixing and no guessing
- Dual surface functionality with the hard floor option
- Optional onboard spotting and hand tool
- Low decibel, only 67 dBA
- Easy to maintain
- Durable rotationally molded PolyDur® tanks and body - 13 gallon capacity
- Single cord operation
- Certified by the Carpet & Rug Institute for cleaning performance

Self-Contained Extractor

Agitator 18

Clean & Restore

Specifications

Part Number	AG18CR
Solution Capacity	13 gallon
Brush/Cleaning Path	18 inch
EZ-pull Belt	Standard
Auto chemical metering	Standard
Pump	100 PSI
Nozzles	4 QD
Vacuum Motor	3-stage 1.7 HP Bypass
CFM	98 CFM
Water Lift	123 inches
Brush Motor	1/3 HP
Cord Length	50' detachable
Wheels	(2) 10" wheels
Dimensions	44.5"L x 21.5"W x 37"H
Weight	121 lbs. (52.6 Kg)
Agency Approvals	cETLus Listed
Warranty	Tanks - 8 years, parts & labor - 1 year

EZ-pull belt directs more pulling energy to the legs rather than shoulders and lower back for ease of use and reduced operator fatigue

The automatic chemical metering system boosts production by metering and applying chemical, rinsing, and extracting waste in one pass. No mixing and no guessing necessary.

Quick change hard floor kit option. Make your Agitator 18 a dual surface machine, no tools required.
