

Agitator 20[®]

Self-Contained Carpet Extractor

Awarded the Gold rating for Deep Cleaning Systems from the Carpet & Rug Institute Seal of Approval Program

Imagine how productive your cleaning crew could be if they didn't have to spend time filling, emptying, and cleaning the solution and recovery tanks. U.S. Products, the leader and innovator in carpet extraction technology, has designed the Agitator 20 to accomplish this very goal.

With an 80' flexible direct hook-up hose that provides hot water, chemical injection, and automatic removal of wastewater, the Agitator 20 is a true self-contained carpet extractor. Other features include the brush agitator that provides superior agitation for cleaning effectiveness.

The Agitator's wide 20" path helps you to get the job done quickly, and with a low moisture (1 gpm) per minute design coupled with powerful 3-stage vacuum located just inches from the vacuum shoe, the Agitator 20 gives unsurpassed recovery and improved dry times.

Other features are a durable rotationally molded body that comes standard with a lifetime warranty.

For more information on the Agitator 20 see us on the web at usproducts.com or give us a call today!

Agitator 20[®]

Features & Benefits

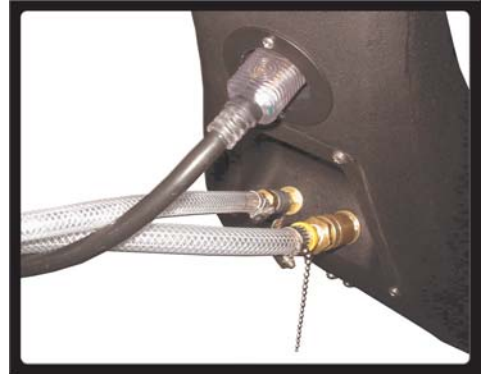

- Durable body with lifetime warranty
- Increased productivity with no tanks to fill, empty, or clean
- Convenient and easy to setup and use
- Hot water cleans more effectively and faster
- Brush agitator bar for superior agitation
- Automatic de-foamer breaks down foam for continuous operation
- Powerful 3-stage vacuum is inches away from the vacuum shoe dramatically improving water recovery and dry times
- Easy to transport and load
- Low moisture design maintains hot water flow and dramatically improves dry time
- Easy to manage hose allows for convenient direct water hookup, chemical injection, and recovery water dumping, improving productivity. Can be doubled in size from 80' to 160' by connecting two hoses together.
- Optional in-line, automatic chemical feed kit available.

Specifications

- | | |
|-------------------------------|--|
| • Roto molded body | Lifetime warranty |
| • Agitator Bar | Bristle Brush |
| • Cleaning path | 20" (50.8 cm) |
| • Fill, dump, power cord hose | 80' (24.4 m) |
| • De-foamer system | automatic |
| • Vacuum motor | 3-Stage 137" water lift |
| • Water flow | 1 gpm |
| • Dump pump | 5.5 gpm |
| • Water pressure | 50-80 psi |
| • Agitator motor | 1/10 HP |
| • Agitator RPM | 1000 RPM |
| • Electrical | 120V 12/3 |
| • Transport | 4" non-marking wheels |
| • Dimensions | 33H x 36L x 20.5W (inches)
83.8H x 91.4L x 52.1W (cm) |
| • Weight | 45 lbs. (20.4 kg) |

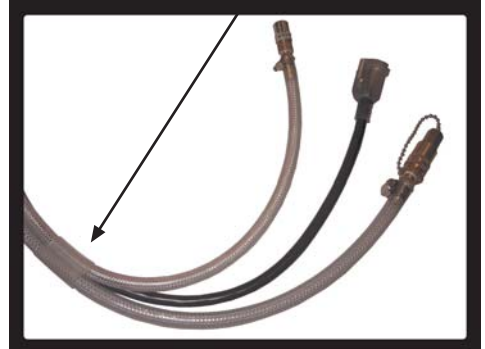

Easy hook up to the Agitator 20

Easy hook up to sink or standard hose bib

Easy to manage bound three in one water feed line, water dump line and power cord

Easy to read control panel

Easy access defoamer reservoir
