

CMX-20™

Rotary Carpet & Hard Floor Cleaner

Take a high speed test drive and be ready for improved performance

CleanMaster's CMX-20 thoroughly cleans carpet in a one-step process that cleans all sides of the carpet fiber. Restore filthy, matted traffic areas without the "back-and-forth" fatigue of conventional tools. Hook up the CMX-20 to your truckmount or portable system and experience truly maximized cleaning efficiency.

Genuine Rotary Cleaning

- Patented self-propelled rotary motion
- Easily converts to bonnet and hard floor cleaning
- Consistent cleaning that is not operator dependent

Deep Restorative Cleaning

With 3 spray jets matched with 5 vacuum slots, the CMX-20 makes over 650 cleaning passes per minute. This super agitation, combined with the unit's weight, deeply cleans, extracting soil and cleaning solution. The rotating head cleans all sides of the carpet fiber, fluffing up and restoring the pile. Save your back, clean more carpets and clean them better.

More than the best Carpet Extraction System

You can now complete three jobs with just one tool. Changeable heads clean tile or concrete and strip linoleum with ease, as well as cleaning carpet.

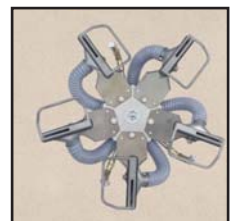

Three Systems in One
